

The Eagle Tuf-Cut tyre cutter enhances your tyre-cutting system, handling OTR tyres up to 23.5/25, 12 ply and can cut up to three tyres simultaneously. It features a hydraulic tyre lift for easy loading, along with manual roller bed extensions to accommodate larger tyres.

With its 4-sided, rotatable blades, the Tuf-Cut tyre cutter ensures long-lasting performance, while its clean-cutting design minimises additional waste. The unit is available in both portable and stationary models and can be powered by electric, diesel, or petrol, offering flexibility for various operational needs.

Features

- Accepts up to 23.5/25, 12 ply OTR tyres
- Safely cuts up to 3 tyres at once
- 4-sided rotatable blades
- Hydraulic tyre lift
- Clean cutting design – no additional waste to clean up
- Average cycle time 15 seconds
- Manual roller bed
- Stationary and portable models available

Options

- Electric, gas, or diesel power options
- mobile or stationary model options

Specifications
