

The Mavitec Paddle Depacker is a compact and heavy-duty waste management solution that efficiently separates packaging from organic material.

With its low maintenance design and user-friendly features, it reduces waste volume and produces clean organic matter suitable for biogas installations.

Features

- Compact size
- Heavy duty construction
- Low maintenance design
- More than 99.5% clean organic material
- Quick opening doors for easy cleaning
- Bolt free screen exchange
- Low installed power
- Stainless steel isolated splash shields for low noise operation
- Electrical Control Panel

Options

- Variety of screen sizes (6 - 50 mm)
- Bin tipper or conveyor infeed options
- Discharge stockpiling conveyors
- Subframe for direct discharge to bins
- Water sprayers for wet processing
- Liquid catchment tank
- Organic discharge pump
